

Remanufactured Steer Gears and Hydrostatic Steering Units

Features & Benefits

- Preferred remanufacturing vendor for 5 major OEMs
- All CharNor remanufactured steer gears and hydrostatic steering control units are sold with a 100% core credit guarantee - we'll accept your core for full credit as long as a complete "like" core is returned - regardless of condition
- Industry leading limited 1 year warranty, with unlimited hours
- Major internal components are closely inspected and replaced with new as required
- Highly skilled and experienced technicians
- Large selection of reman assemblies in stock for both domestic and foreign lifttrucks
- Every reman steer gear and hydrostatic steering control unit is thoroughly tested, insuring reliability and trouble-free installation
- Time tested and proven repair processes supported by a full service, on site machining facility

Items always replaced include:

Seals · Bearings · O-rings · Gaskets · Bushings · Horn contact parts

Our support staff is dedicated to providing a high quality, reliable, low cost product... placing both product and customer as a top priority!
